I am requesting voluntary admission to the Partial Hospital Program and/or Intensive Outpatient. I understand that as a voluntary patient, I can choose to discontinue the program at any time for any reason. However, program staff strongly encourages patients to discuss their intention to leave the program prior to making the final decision. I have received a Patient Guide, which includes patient rights and responsibilities, as well as the programs grievance procedure. I understand that I may go to any clinical staff member if I have questions or concerns about any of my rights or responsibilities. The risks and benefits of the Program have been fully explained to me and I am choosing to participate in the program, being fully aware of these risks and benefits.

Additionally, the prescribing of over the counter medications may occur which will allow for the administration of medications that treat symptoms such as minor aches and pain, stomach upset, cold symptoms or other minor physical complaints. **TELEMEDICINE APPOINTMENT  
INFORMED CONSENT FORM**

MRN

Telepsychiatry uses two-way communication through audio and video equipment to provide mental health services to you at a distance. Telepsychiatry allows you and staff at different locations to interact and provide care without the need to travel long distance.

**Expected Benefits**

Telepsychiatry can be a benefit to you, when on-site services are not available because of the distance, location, time of day, or availability of resources. Some benefits to Telepsychiatry are:

- Improved access to care
- Improved coordination of care
- Timely services
- Improved treatment of care

**Potential Risks**

There are possible risks with the use of telepsychiatry. These risks could include:

- Delays in treatment due to equipment failure
- Poor picture and delays in the video
- Potential data transmission problems that happen in very rare instances, but could lead to a breach of your information
- A lack of information that might be available in a face to face visit but not in a Telepsychiatry session may result in errors in medical judgment

**You have the right to:**

If you choose to participate in Telepsychiatry services, you are given additional Client Rights including being informed of:

- What trained staff will be available to you and providing you services at the distant site and who can help in an emergency.
- How the Telepsychiatry equipment works and the purpose of videoconferencing technology.
- Who is in the room at each location during the Telepsychiatry session
- Your opportunity to decide about who will be in the room with you during telepsychiatry sessions, as well as the right to ask non-medical personnel to leave the room at any time if not needed for safety concerns.

**Failure of Transmission**

In the event your session is dropped as a result of transmission or equipment failure someone from the office will contact you. We would need to be sure that any alternative contact methods are encrypted and secure. This may mean a follow up in-person appointment or an additional telepsychiatry session to complete the appointment.

I understand this service is not the same as a direct provider visit, because I will not be in the same room as the provider performing the service. Parts of my treatment which involve physical tests/examinations such as taking my vital signs and blood pressure will not be completed. I understand that my telepsychiatry provider will be my local provider I would normally see in the office setting. Also,

- I have the right to refuse or withdraw my consent to telepsychiatry sessions at any time, without affecting my right to future care or treatment.
- I understand this is temporary due to the recent COVID19 state and federal restrictions put in place.
- If my provider decides my health care can no longer be managed through telepsychiatry, services may be discontinued. Other options for my care will be discussed with me.
- Telepsychiatry sessions shall not be recorded without my consent.
- Written medical information and telepsychiatry sessions are kept confidential the same as in-person medical records.
- I agree to allow individuals other than my provider and remote provider to be present during my telepsychiatry service to operate the video equipment, if necessary. Also, if additional persons are needed for safety concerns, then my permission may not be needed.

We have read the Telepsychiatry consent form to the patient/legal guardian and we witnessed the consent of telepsychiatry through the Four Winds Partial and/or Intensive Outpatient Program. The patient/family has had an opportunity to ask questions which I've answered to the best of my knowledge.

#### 4 Winds Saratoga PHP Group Rules and Expectations

- Patients are required to engage in programming from a quiet, private, and confidential space, and are required to inform group facilitators of any change of location or deviation from participation from their address of record.
- All participants are expected to remain fully visible with their camera turned on throughout the duration of all groups/programming.
- Confidentiality of all group members is important for everyone. Do not discuss what is said in group or disclose names of other participants to anyone else outside of the group.
- Apart from the functioning electronic device used to participate in group, no cell phones or electronic devices should be used during group times. Gaming, texting, or use of social media is not allowed during group times.
- Smoking, vaping (e-cig, juul, puff bar), or other drug use while engaged in group programming will not be tolerated and is grounds for discharge from PHP.
- Respect other people when they are speaking and raise your hand if you would like to participate in group discussion.
- Do not engage in relationships of any kind (texting, phone calls, social media) with group members outside of the group. This distracts from your treatment. Please limit the chat feature to discussions related to the relevant topic. Any private messages sent to the group facilitator will be addressed during break time.
- Everyone should be treated with respect. Targeting a peer or staff, or repeatedly bringing up offensive content will not be tolerated. Use of "I" statements is encouraged to avoid overgeneralizing.
- Participants are expected to attend all meetings and groups on any day you are here unless an exception has been made through the treatment planning process. All planned absences should be discussed and approved by your therapist at least 24 hours in advance. We also expect you to notify the program using the call-out line (518-584-8514) before 9:00 AM any day that you are unable to attend.
  - Absence from PHP without notifying PHP therapists will result in a phone call and potentially a call to officials for a wellness check at the home address.
  - If you miss three (3) consecutively scheduled program days or show a pattern of not attending the program in accordance with your treatment plan, and you do not have an acceptable reason for the absence, you may be discharged from the program.

I acknowledge understanding of the group rules and expectations. I agree to discuss any barriers to following group expectations with my assigned therapist prior to the start of group.

I understand that failure to comply with these expectations could result in removal from group programming for the day and/or discussion regarding termination from the program.
