CONSENT FOR TREATMENT

I am requesting voluntary admission to the Partial Hospital Program or Intensive Outpatient. I understand that as a voluntary patient, I can choose to discontinue the program at any time for any reason. However, program staff strongly encourages patients to discuss their intention to leave the program prior to making the final decision. I have received a Patient Handbook, which includes patient rights and responsibilities, as well as the programs grievance procedure. I understand that I may go to any clinical staff member if I have questions or concerns about any of my rights or responsibilities. The risks and benefits of the Program have been fully explained to me and I am choosing to participate in the program, being fully aware of these risks and benefits.

I have received a copy of the following documents (check all documents given to the patient):
☒ Four Winds Saratoga Patient Bills Of Rights
☒ Notice of Privacy Practices
☒ Patient Handbook
☐ An Important Message from Medicare

Telepsychiatry uses two-way communication through audio and video equipment to provide mental health services to you at a distance. Telepsychiatry allows you and staff at different locations to interact and provide care without the need to travel long distance.

Expected Benefits
Telepsychiatry can be a benefit to you, when on-site services are not available because of the distance, location, time of day, or availability of resources. Some benefits to Telepsychiatry are:

- Improved access to care
- Timely services
- Improved coordination of care
- Improved treatment of care

Potential Risks
There are possible risks with the use of telepsychiatry. These risks could include:

- Delays in treatment due to equipment failure
- Poor picture and delays in the video
- Potential data transmission problems that happen in very rare instances, but could lead to a breach of your information
- A lack of information that might be available in a face to face visit but not in a Telepsychiatry session may result in errors in medical judgment

You have the right to:
If you choose to participate in Telepsychiatry services, you are given additional Client Rights including being informed of:

- What trained staff will be available to you and providing you services at the distant site and who can help in an emergency.
- How the Telepsychiatry equipment works and the purpose of videoconferencing technology.
- Who is in the room at each location during the Telepsychiatry session
- Your opportunity to decide about who will be in the room with you during telepsychiatry sessions, as well as the right to ask non-medical personnel to leave the room at any time if not needed for safety concerns.

Failure of Transmission
In the event your session is dropped as a result of transmission or equipment failure someone from the office will contact you. We would need to be sure that any alternative contact methods are encrypted and secure. This may mean a follow up in-person appointment or an additional telepsychiatry session to complete the appointment.

I understand this service is not the same as a direct provider visit, because I will not be in the same room as the provider performing the service. Parts of my treatment which involve physical tests/examinations such as taking my vital signs and blood pressure will not be completed. I understand that my telepsychiatry provider will be my local provider I would normally see in the office setting. Also,

<table>

MRN</td>
</tr>
</table>

- I have the right to refuse or withdraw my consent to telepsychiatry sessions at any time, without affecting my right to future care or treatment.

- I understand this is temporary due to the recent COVID19 state and federal restrictions put in place.

- If my provider decides my health care can no longer be managed through telepsychiatry, services may be discontinued. Other options for my care will be discussed with me.

- Telepsychiatry sessions shall not be recorded without my consent.

- Written medical information and telepsychiatry sessions are kept confidential the same as in-person medical records.

- I agree to allow individuals other than my provider and remote provider to be present during my telepsychiatry service to operate the video equipment, if necessary. Also, if additional persons are needed for safety concerns, then my permission may not be needed.

☐ We have read the Telepsychiatry consent form to the patient/legal guardian and we witnessed the consent of telepsychiatry through the Four Winds Partial and/or Intensive Outpatient Program. The patient/family has had an opportunity to ask questions which I've answered to the best of my knowledge.

Hixny Electronic Data Access Consent Form
Four Winds

In this Consent Form, you can choose whether to allow Four Winds to obtain access to your medical records through a computer network operated by the Healthcare Information Xchange of New York (Hixny), which is part of a statewide computer network. This can help collect the medical records you have in different places where you get health care, and make them available electronically to our office.

You may use this Consent Form to decide whether or not to allow Four Winds to see and obtain access to your electronic health records in this way. You can give consent or deny consent, and this form may be filled out now or at a later date. **Your choice will not affect your ability to get medical care or health insurance coverage. Your choice to give or to deny consent may not be the basis for denial of health services.**

If you check the **"I GIVE CONSENT"** box below, you are saying "Yes, Four Winds's staff involved in my care may see and get access to all of my medical records through Hixny."

If you check the **"I DENY CONSENT"** box below, you are saying "No, Four Winds may not be given access to my medical records through Hixny for any purpose."

Hixny is a not-for-profit organization. It shares information about people's health electronically and securely to improve the quality of health care services.

Please carefully read the information on both pages of this form before making your decision.
You have two choices:

- ☐ **I GIVE CONSENT for Four Winds to access ALL of** my medical records through Hixny in connection with providing me any health care services, including emergency care.

- ☐ **I DENY CONSENT for Four Winds to access** my medical records through Hixny for any purpose, *even in a medical emergency.* Unless you check this box, New York State law allows medical providers treating you in an emergency to get access to your medical records, including records that are available through Hixny.
